VACI2014 Flashbacks:

Thank You For Being Part Of Our Best VACI To Date!

Vietnam Water Cooperation Initiative 2014 (VACI 2014), held on 17th Oct 2014 in Hanoi, saw more than US$ 300 million in total value for the announcements on planned water projects, tenders, investment and MOUs concluded at the event.Following the success of VACI 2013, especially for celebrating the "Water Resources Monitoring Day" (18 Oct), the VACI 2014 attracted more than 1,000 participants from throughout Vietnam and 20 countries spanning the government, international organizations, universities, research institutes and companies. The event focused on discussion, exchange and sharing of water resources monitoring and forecasting technologies.

Here's a glimpse into the happenings over the span of VACI2014:
